1. Solicitation HP861044 is amended as follows:

### Questions and Answers for Clarification

The State has determined that it is in their best interest, and those of offerors, to provide all offerors questions and answers to any questions posed pre- and post-conference.

**Question:** Is there any way you can clarify the type of work the RNs, LPNs, & Nurse Practitioners will required to do? Will it be in a behavioral health setting?

**Answer:** Specific type of work is dependent on the needs of the program, at the time. The solicitation is for the agency which includes all Public Health Services, which could include behavioral health.

**Question:** As a staffing agency, if we subcontract to a medical practitioner, what insurance is required of the practitioner and what insurance is required of us as the prime contractor, keeping in mind that we ourselves will have no employees on the job?

**Answer:** The contractor would be responsible for the insurance requirements listed on pages 22-25. The requirements for subcontractors are addressed on page 25, item F. If the contractor has no employees, the worker's compensation portion may be waived.

**Question:** Would it be possible to get the attachments in a word document so they can be completed electronically?

**Answer:** Yes, we will post Attachment 1 and Attachment 2 on the website.
